About This Game

Lucky Of Love is a puzzle game. You just need to turn the turntable, lose a bomb, win a fortune, and unlock all the pictures quickly.

There are no time or level restrictions in the game. The intention is to let you enjoy a relaxed experience.

Game features

1. Exquisite CG pictures
2. Funny play
3. Real Japanese Girl Voice

[The most fun I had was trying to track down the ways to restore the game to its ****full potential****](#)

PS: Coincidentally, i had just played the previous game from this publisher, who apparently already got wiped under a previous name. So if you're the completionist sort, you may want buy this game before it mysteriously disappears from Steam again.

<https://www.youtube.com/watch?v=C94LY1mQpQ>

PPS: Does anyone even read reviews for this kinda game? I'd imagine not. Anyway, enjoy.. Uncensor game. damn commy i want to see Mrs. \u2665\u2665\u2665\u2665\u2665.

<https://www.youtube.com/watch?v=3B5BD60a69M>. Recommend the 18+ patch...They ask me why am i offline so often <https://drive.google.com/file/d/1QtdfwsmnOkutVBRVoDRNJzIFbAVUsxr5/view?usp=sharing>. Very RNG Based Game You have titles Spin the wheel Either Land on the Bomb BOOM Go Again Or Land on Gems and You Win causing Some of the Girls cloths to rip lol Its fun BUT Word of advice If you DONT get the Bomb Ach or the girls and your like Wtf where did they go Dont Panic Simple Close the Game and re open they Should Pop up It did for me ^^ ALSO if you think you got like 20 Bombs and your like ohhh no i gotta Start Over Nope It Keeps track of the count You had last before Closing it. Fun And Easy Game Just Be Little Patient Ik its waiting Game but its worth it in the end I think.
